SCHOLASTIC BOWL

The 2016-17 Scholastic Bowl season was a successful one! The squad defeated quite a few tough teams this season (Cornerstone, Pontiac, etc). More than once, the bowlers came close to taking down the Regional Champion Blue Ridge Knights.

CROSS COUNTRY.

WHAT ADVICE DO YOU HAVE ABOUT RUNNING XC?

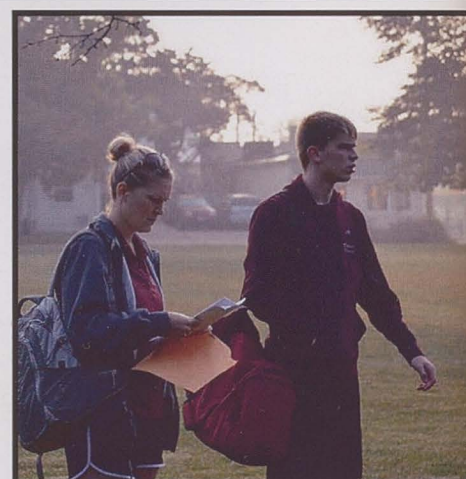

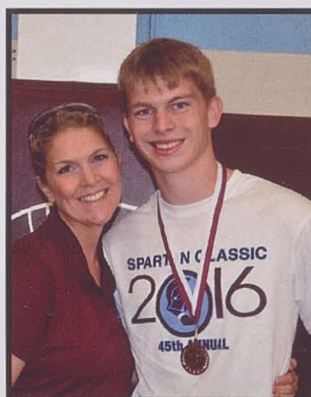

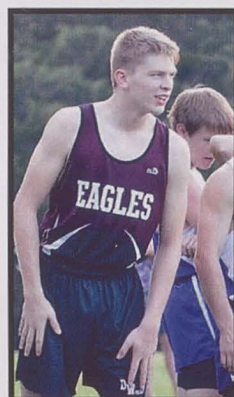

"Work hard and keep running!"

Wes Young, 12

Wes Young (12) used self-discipline and a desire to succeed to have another great cross country season this fall!

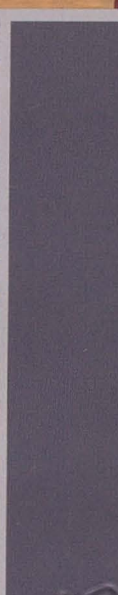

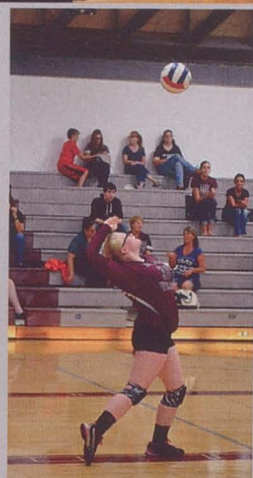

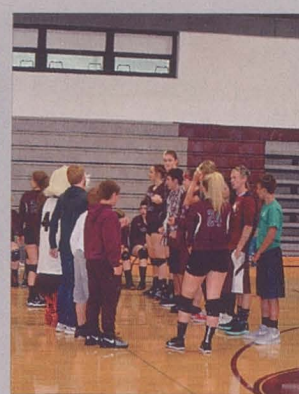

He advanced to the IHSA Sectionals and narrowly missed the cut to make it to State. Despite being the only participant in XC this year, Wes did an exceptional job and represented our school well!

Shout out to Wes' mother, Mrs. Tracy Young, who reprised her role as Cross Country Coach. She volunteered her time so that Wes could compete and is deserving of a share of credit for Wes' success.

CROSS COUNTRY

"Attitude is a little thing that makes a big difference."
-Winston Churchill

JUNIOR VARSITY VOLLEYBALL

"The bus ride to the Pretzel Classic."
Emilee Fenton, 10

"Getting a chance to be a setter."
-Peyton Lappin, 9

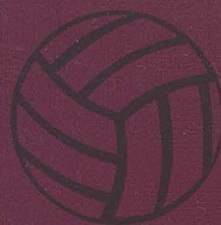

"Trying different positions."
Haley Reynolds, 9

"Staying overnight at
the Pretzel Classic."
-Maddison Levitt, 11

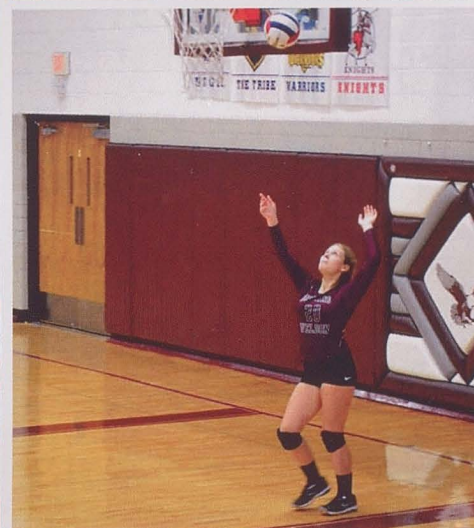

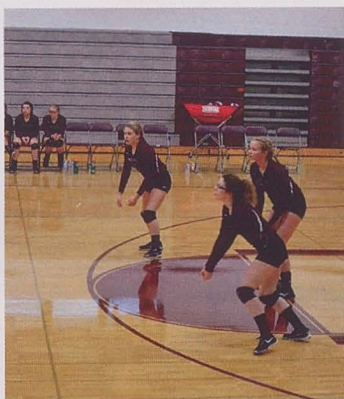

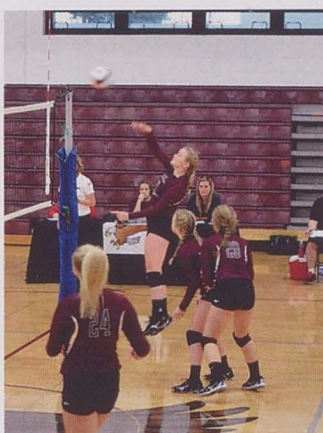

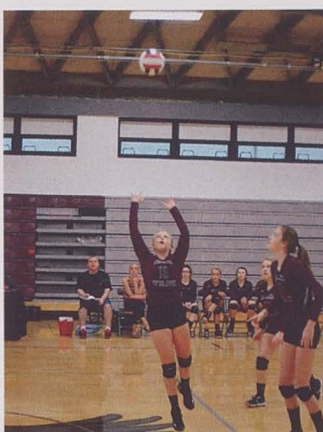

"If you wanted a soft serve,
you should have gone to
Dairy Queen."

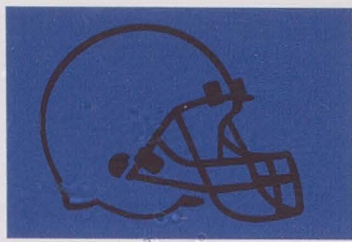

volleyball

"Don't let a win get to your head. Or a loss to your heart."

The 2016 football season (7-7) was full of growth, fun, and force. This season was the first time in years that Blue Ridge has had a football team. The thought that this group would represent the founding fathers of the rebirth of the program, really drove them to do their very best.

Throughout the season DW players Calvin Larrison (12) and Max Porter (9) grew as more than just teammates. They saw each other as brothers. "The team that wasn't supposed to win," had a very successful season!

The team knew that there was plenty of work to be done but still found time for fun. One example was when they tricked one of the boys into eating bean-boozled jelly beans.

They had a great season, but the results didn't just happen. They put their hearts and souls into the program and made it happen. The boys will build off this season and come back next year and show that Blue Ridge football is alive and well!

FOOTBALL

"Champions train.
Losers complain."

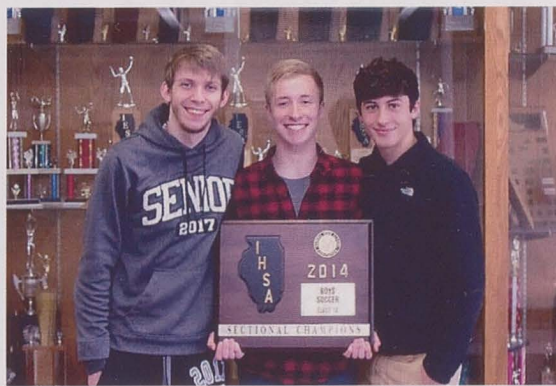

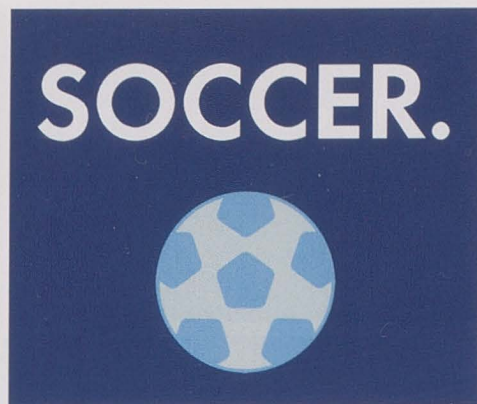

DeLand-Weldon had three participants in the Blue Ridge Soccer Co-op: Jared Haynes, JT Habel, and TY Duff.

Ty Duff (12) decided to play soccer because of his friends. He only played for one year, but in that year, the teams made it to the Regional Championship! His favorite memory from the season was winning the senior night game.

Jared Haynes (12) has played soccer for 10 years. His favorite memory of his career was from his junior year when the team went to the Elite 8. His favorite senior memory was when he scored a hat trick (3 goals) against Warrensburg-Latham.

JT Habel (12) started playing soccer because of his dad. He was happy with how the group played more as a team this year. Like Jared, he has also been playing soccer for 10 years. He successfully made the transfer from midfield to center defender. His favorite senior memory was being named a captain for the team.

These three seniors will be greatly missed! They leave behind a lasting legacy on the Blue Ridge soccer program.

"Happiness is a long
walk with a putter."

-Greg Norman

BOYS GOLF

William Schmidt (10) represented the Eagles on the Blue Ridge Boys Golf Team this fall. This was Billy's second season playing golf through the Blue Ridge Coop.

In his sophomore season, Billy played some of his best golf and got better throughout the seasons.

His best round of the season was a 58 and the area of his game that he improved the most was his putting.

Billy had a fantastic sophomore season and, through spending a lot of time on the course this summer, looks to be even better next season!

There was one DeLand-Weldon participant, Lauren Trimble (11), in the Blue Ridge Girls Golf Coop this season.

Lauren medaled at three of the matches this fall and shot her personal best this year with a 42.

Throughout the season, she improved many aspects of her golf game. This includes chipping, putting, and overall accuracy.

At the first tournament of the year, she was one stroke away from placing in the top 10 with about 65 girls playing in the tournament.

She received awards at the annual banquet that included Best Season Average, Lowest 9-Hole Score, and Lowest 18-Hole Score as well as making the all-area honorable mention list!

She is looking forward to making her senior golf season the best one yet!

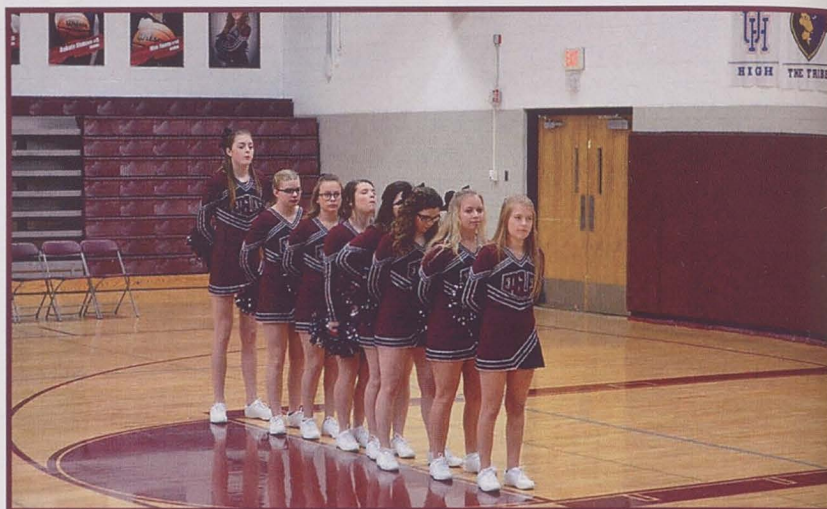

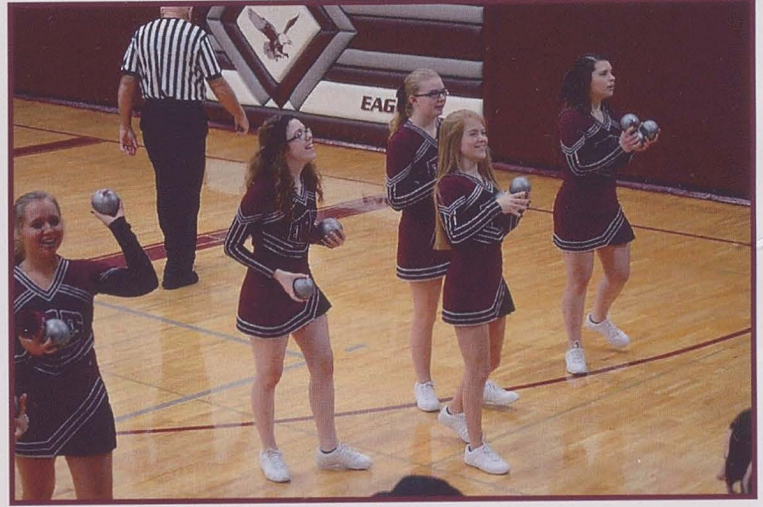

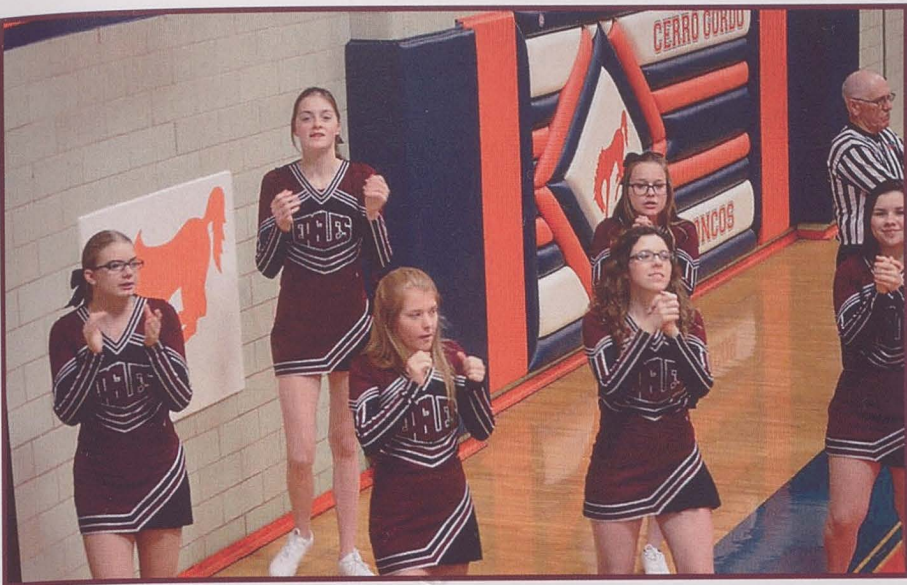

"Of all the hazards,
fear is the worst."

-Sam Snead

DW CHEERLEADING

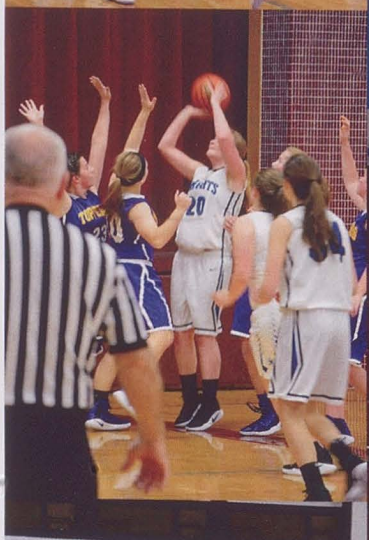

"We're cheerleaders
from bow to toe!"

GIRLS BASKETBALL

TOGETHER

The 2016-17 Junior Varsity basketball season was the definition of team play. After every time out or end of quarter huddle you would hear the guys break with the word "together!" This word was more than just a team saying, it defined how they played all season.

PRIDE

The pride that these boys demonstrated during their season was remarkable. Even though they were practicing against upper classmen every day, they continued to fight. Their pride was on display at Arthur Christian when they cut a 20 point deficit to single digits in the second half. They couldn't have done what they did without being pushed daily.

PROGRESS

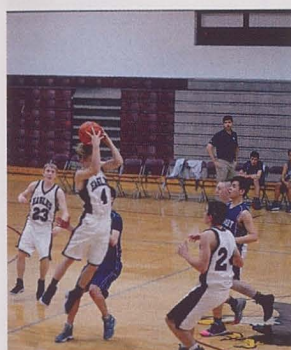

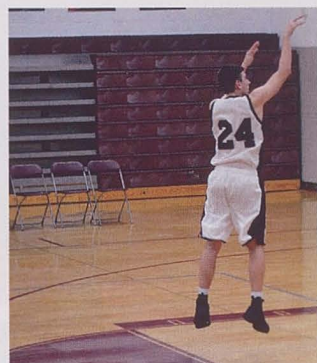

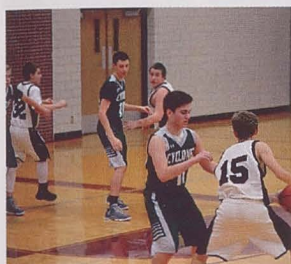

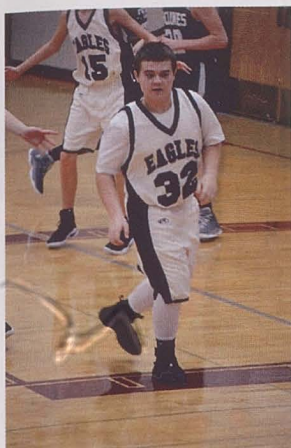

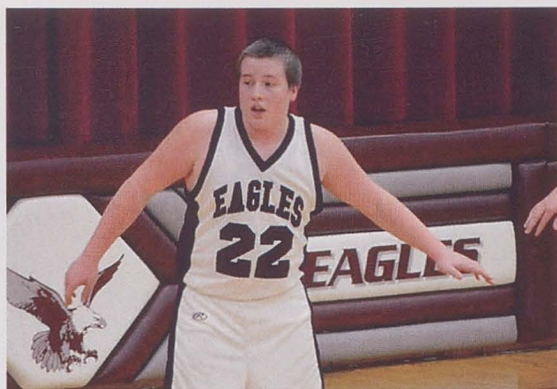

When the season was over you could clearly see the progress the JV team had made. They all can dribble, pass, and shoot the ball more effectively than the beginning of their high school career. The hard work would ultimately show how much progress they made because if they didn't work hard they wouldn't be in the position they are in today.

VARSITY BOYS' BASKETBALL.

"Together on 3..."

44

SPORTS

"Focus on the process."

The concept of concentrating on the process that is required to be successful instead of simply the results of your actions can be summed up with a basketball analogy. It is quite possible that a player could make a shot (a good result) while standing on one foot, with his eyes closed, and all five opponents guarding him. This "good result" does not make it a "good shot." On the other hand, missing a shot in the rhythm of the offense, when open, from a place that is in range for you (a good process) is still a "good shot," despite the "bad result."

Process-oriented thinking is hard to accept for a lot of young athletes because for so long they have been looking through the basic prism of "make = good; miss = bad." The 2016-17 Varsity Boys Basketball Team embraced the process. This group of cagers realized that the process for success requires consistent attendance, doing more than the minimum, and truly caring about each other.

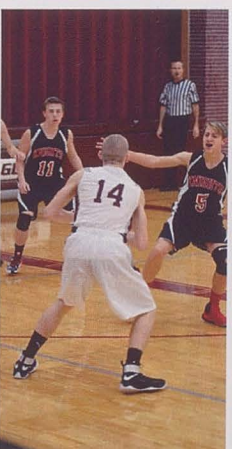

This type of thinking allowed them to win back-to-back Homecoming games and finish in the top half of the conference this season.

The change in mentality was lead by three seniors (TY Duff, Brandon Lappin, and Wes Young) who bought in and will leave a lasting legacy on the D-W basketball program. TY finished second in the entire Champaign area in assists (5.9 apg), with eleven games of seven or more assists, three of those being 10+ assist games. Brandon was on the area leaderboard all year in rebounds finishing with averages of 13 points per game and 7 rebounds per game. He had season highs of 28 points and 15 rebounds. Wes finished first in Champaign area in steals (3.7 spg) and improved his scoring output from his junior year by more than 200 points. These three showed up every day, did their job, and saw success.

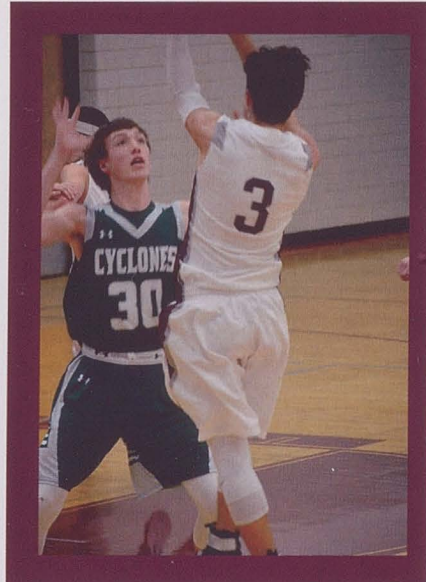

The future is bright with three juniors returning next season (Calvin Larrison, Kaleb Thomas, and Jake Wingert) who will be tasked with leading a group of young teammates. These three have the potential to use their hard-nosed demeanors and work ethics to step into leadership roles and leave their respective marks on D-W Basketball. They have all shown improvement over their high school careers, and with good summers, could really leap forward in their abilities.

Regardless of future results (see what I did there?), the Eagles will continue the process-driven march towards success.

"Do your job."

DeLAND-WELDON
EAGLES

You can throw any challenge at the DeLand-Weldon Eagles Track team and they are in! The team was a small, but mighty, group.

BASS FISHING

48
SPORTS

"Alright boys, let's rip some lip!"

Bass Fishing Team:

Tyler Duff (12), Calvin Larrison (11), Kaleb Thomas (11), Jacob Wingert (11), and Caleb Cunningham (10)

Head Coach: Garrett Duff

High School Bass Fishing can be a tricky sport. While team members are able to (and enjoy) practicing their sport, the season really comes down to one day on the lake for IHSA Sectionals with a chance to advance to the State Tournament.

Any angler knows there are a lot of factors, outside of your abilities, that can make it a good day or a bad day on the water. The 2017 Bass Fishing Team had a pretty good day on the lake this spring, catching one of the biggest fish of the day. However, they were unable to reel in another one and fell just short of advancing to State. The program has had a lot of recent success and looks to continue the tradition into the future!
